ii. Executive Summary of the Annual PHA Plan

The Oshkosh Housing Authority (OHA) is a high-performing agency with a long and distinguished record of service to the community. The OHA is principally involved in the ownership and management of three hundred and eight-six "elderly" dwelling units in three central Oshkosh housing developments. The Authority also serves families with 70 units of scattered sites public housing for families, a 50 unit Affordable Housing Voucher program and a management affiliation that owns a 72 unit multi-family site. Finally, OHA also owns three group homes and has acted as a conduit for tax-exempt financing for private development of affordable housing options.

In this era of burgeoning federal regulatory mandates the OHA doesn't expect to launch new initiatives. Goals and strategies for the coming year center on effective management practices and affirmative marketing of existing programs. Despite the significant regulatory burden already in place, the Authority will support a County Housing Authority application for non-FSS fair share vouchers and special purpose elderly vouchers if they are made available in quantities to suggest an application may be funded.

The Authority will be cooperating in the county-wide effort to implemen low-income homebuyer fueled by pending grant applications seeking in excess of \$500,000. Financial commitment of CDBG from the cities of Neenah, Menasha and Oshkosh are already in place and federal HOME and state HCRI funds awards are anticipated.

1. Statement of Housing Needs

A. Housing Needs of Families in the Jurisdiction/s Served by the PHA

Based upon the information contained in the Consolidated Plan/s applicable to the jurisdiction, and/or other data available to the PHA, provide a statement of the housing needs in the jurisdiction by completing the following table. In the "Overall" Needs column, provide the estimated number of renter families that have housing needs. For the remaining characteristics, rate the impact of that factor on the housing needs for each family type, from 1 to 5, with 1 being "no impact" and 5 being "severe impact." Use N/A to indicate that no information is available upon which the PHA can make this assessment. (2=modest impact; 3=moderate impact 4=significant impact)

C. Strategy for Addressing Needs

Provide a brief description of the PHA's strategy for addressing the housing needs of families in the jurisdiction and on the waiting list **IN THE UPCOMING YEAR**, and the Agency's reasons for choosing this strategy.

The Oshkosh Housing Authority has determined that aggressive utilization of existing resources can marginally help address identified affordable housing needs. However, given the onerous federal burdens generated in the past decade, existing funding and staffing can barely meet regulatory demands in the short term. Agency management expects familiarity with new PHAS, FASS, MASS, MTCS, REAC mandates will eventually diminish that burden. As those compliance efforts become routine, the agency focus can be directed back to service delivery. In the interim the Authority has pledged to affirmatively market and implement existing programs and to apply for non-FSS housing vouchers if they become available.

(1) Strategies

Need: Shortage of affordable housing for all eligible populations

Strategy 1. Maximize the number of affordable units available to the PHA within its

current resources by: (Select all that apply)

\boxtimes	Employ effective maintenance and management policies to minimize the number of

Admissions Policy for De-concentration

The Authority's analysis of families served and on the waiting list for public housing determined that existing admissions policies are adequately broad and accurate to allow placement of a variety of eligible families. Further, since the authority's only public housing operations are scattered-site single family homes and duplexes, there are no development concentrations to evaluate. Finally, shrinking waiting lists allow quick access to available units for both extremely low-income and very low-income households.
